

Before you can post your scores...

1. First you have to login to the WRL Website
2. Go to Account Detail
3. Choose Registration
4. Register for a team

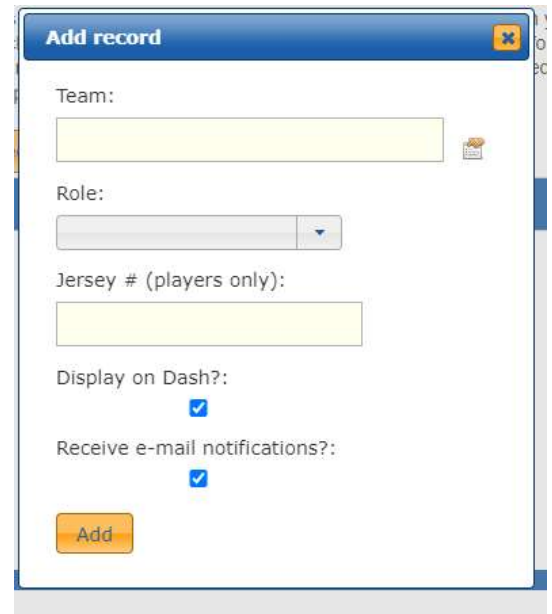

5. Add new record

My teams

Add your teams to your profile and your dashboard will be kept up to date with your team's next game and current standing. **If you are an official or shot-clock operator, our scheduler will ensure you aren't scheduled for games when you're scheduled to be playing or coaching. If you identify yourself as a fan, the system will ensure that you are not scheduled to Officiate that specific team, but may schedule for another game that is happening at the same time.

6. Find your team
7. Choose your role
8. Add

The screenshot shows a form titled 'Add record'. It contains the following fields and options:

- Team: A text input field.
- Role: A dropdown menu.
- Jersey # (players only): A text input field.
- Display on Dash?: A checkbox that is checked.
- Receive e-mail notifications?: A checkbox that is checked.
- An 'Add' button at the bottom.

9. Your Association administrator will have to approve your request.

Now you can post your Scores
